

## **Curriculum Vitae**

### **Robert Koehler**

Robert Koehler has been Chief Executive Officer of SGL Carbon SE (until January 23, 2009 known as SGL Carbon AG) since beginning of 1992. His responsibilities within the Board of Management include: Corporate Development, Corporate Communications and Investor Relations, Legal, Internal Audit, Management Development as well as the region Asia as the growing and investment focus of the Group.

Koehler was born in Munich on January 12, 1949. After graduating from a secondary school focusing on classics, completing business school and obtaining a degree in business administration, he began his professional career in 1971 at the Hoechst Corporation, where he held a variety of positions over a period of 20 years. Among his many other activities at Hoechst, Koehler was also Head of Corporate Planning from 1989 to 1991 and thereby made significant contributions to the new orientation strategy of the company, which was listed in the German Share Index (DAX) at that time. He also held managerial positions for 15 years at Hoechst subsidiaries abroad, among in the United Kingdom, and Colombia.

Aside from his current role as CEO of SGL Carbon SE, Koehler is also the Chairman of the Supervisory Board of Benteler AG as well as a member of the Board of Directors at Heidelberger Druckmaschinen AG, Lanxess AG, Demag Cranes AG and Kloeckner & Co. SE.
